MEMORANDUM FOR: Comptroller

SUBJECT : Section 13.4 Confidential Funds Regulations

1. The subject regulation was issued 19 July 1950 authorizing the establishment of a reserve fund representing the net assets consisting primarily of U. S. dollars, foreign currencies and certain commodity assets, transferred to the Agency as of 20 October 1946 from predecessor organizations, CIG and SSU.

2. A memorandum from the Director of Central Intelligence to the Budget Officer and Chief, Special Support Staff, dated 23 August 1950, provided for the initial establishment of the reserve in the amount of [redacted] which represented the balance of such assets held by the Agency at that date.

3. Subsequent to the establishment of the reserve, minor adjustments have been made thereto to give effect to the revaluation of foreign currencies and the payment of claims against SSU. The balance in the reserve on 31 October 1954 amounted to [redacted]. One or two claims are now in process of adjudication which, if approved, will result in a further slight reduction of the balance of the reserve.

4. I have now determined that it would be to the best interests of the Agency and the Government if the balance of this reserve were remitted to the Department of the Treasury. You are accordingly authorized to utilize the reserve account in settlement of any pending claims on file with the Agency with respect to obligations of SSU or CIG having security aspects which prevent their processing thru normal channels. The remaining balance may be liquidated by remittance to the U. S. Treasury at such time as in your discretion you may deem appropriate.

Destroy only with consent of the Historical Officer.
